ONE COMPANY with MANY SOLUTIONS

We offer integrated solutions within four (4) distinct divisions and three (3) affiliate companies. Whether you are located in Dominica, or in the Caribbean region we offer top-notch services, best-in-class products, and technological solutions.

Our Vision

To provide products and services of superior quality and value that improves the lives of the consumer.

About D-Treads Tyres Inc.

D-Treads Tyres Inc. is a locally owned company conducting business in the Commonwealth of Dominica and in the Caribbean region. The company started operating in 2013 with the main emphasis on retreaded tyres.

Located in Canefield Industrial Estate, it is the sole retreading company on the island. Through the years we have experienced growth and expanded to serve and meet the needs of our communities through our four divisions. We now offer more than retreaded tyres through our four main divisions:

- Manufacturing
- Engineering
- Services
- Retail

Our Affiliate Companies

Through our affiliate company - D-PROTECT (A D-Treads Company), we provide sanitization and protection as an agent to Goldshield Technologies. We focus on sanitizing and protecting the surfaces of various facilities, schools, hospitals, and medical facilities, office and public spaces, industrial and commercial buildings.

Universal Alliance serves the growing demand for specialist contractors. Our business solutions focus on the placement of professional and technical talent on behalf of our clients, particularly, but not limited to the oil and gas industries.

Worldwide Investment Services Inc. facilitates the process of obtaining a second passport or investment to the Commonwealth of Dominica through the citizenship-by-investment program.

MANUFACTURING

We manufacture various products in service to our many customers and partners. Ranging from retreaded tyres, welding and fabrication of products, or hydraulic hoses and fittings, we've got you covered.

Recognized as a leader in our communities, we are committed to meeting the expectations and requirements of our customers. We believe in contributing to the development of our country and work with various partners to ensure that everything we offer represents quality products and services.

RETREADED TYRES

Our retreads for commercial and industrial purposed vehicles are an affordable alternative to purchasing new tyres. For your complete tyres needs, we also repair, align, and balance your tyres at our facility.

WELDING & FABRICATION

We offer metal fabrication and welding. Do you need a single specialty item, a piece of equipment made or modified? Through our mobile services we will also come to your project.

HYDRAULIC HOSES & FITTINGS

Even the best hoses are ineffective without proper hydraulics and fittings. Ensure that your equipment and machinery are running smoothly. We supply industrial hoses, tubing, fittings, and other industrial products to fit your business needs.

ENGINEERING

Our multi-disciplinary teams are experts with many years of proven skills. Our focus is always on quality, safety, reliability, staying on budget, and on schedule - satisfying and meeting your project requirements.

We are a full service engineering, construction, and consulting (EPC) company with partnerships in strategic sectors. You may face varying challenges and often require professional support, call on us. You need a company who understands the issues and willing to provide optimal solutions and services.

ENGINEERING

Worldwide engineering, procurement, and construction expertise applied to your project. Our services range from roads to bridges, commercial buildings to residential construction, and other public infrastructural development—no matter its size, complexity, or location.

CONSTRUCTION

We bring great value to your construction projects. Our services include, but are not limited to, commercial general contracts, project management, and maintenance. You will find that we are the right fit for your construction projects.

CONSULTING

With the then end in mind, we collaborate with you to bring projects together and delivering projects that meets/exceeds your goals and business objectives. We bring new ways of working, utilizing our global knowledge, experience, and multi-disciplinary capabilities.

PROTECT. MANAGE CHALLENGES.

SERVICES

A comprehensive portfolio of technology, equipment, and services help to solve our customer challenges. Working together with contractors, industrial businesses owners, and individuals, we believe in solutions for a better tomorrow.

Whether you are in the market to rent heavy equipment or a dump truck for your projects; clean, sanitize, and protect your facilities and workspaces from the spread of COVID19; need safety equipment to avoid potential hazards on or near work-in-progress; or, just need support with some general projects, our teams will assist you in finding the right service for you.

HEAVY EQUIPMENT & DUMP TRUCK RENTAL

Your challenges becomes our challenges - select from our inventory of heavy equipment and dump truck rental for industrial, commercial, agricultural, and residential use.

D-PROTECT ADVANCED SOLUTIONS

Stop the Spread. Our D-PROTECT Advanced Solutions uses GoldShield® 5 Antimicrobial Protectant to sanitize and protect surfaces and hidden places more effectively than most cleaning agents.

DETOUR

ROAD & WORK ZONE SAFETY RENTAL

Uncompromising safety is fundamental, so rent our highway signs, pavement markings, and other hazard control devices for your projects.

GENERAL SERVICES

Reduce your logistical nightmares and project management challenges with the general services that we offer (products, provide project management services, landscaping, and other small project work).

RETAIL

One-stop shop for many commercial, industrial and other miscellaneous products. With our customers in mind, we take pride in offering world-class products of well known international brands.

Behind every project are some every-day commercial and industrial products required. Whether you searching for building and roofing materials, a standby generator, superior oils, and lubricants, or steel for your construction projects. And, we sell **BRAND** new tyres, too.

NEW TYRES

Sometimes, you just need brand new tyres, and we get that. Hence, we offer new tyres from the biggest name suppliers, known for their quality products. Find different sizes and brands at competitive prices.

ACCESSORIES

Searching for general auto, construction, building, or other parts and accessories? Manage your projects with new or aftermarket products. All our parts and accessories are safe and of the highest quality.

GENERATORS

Protect your equipment or business from power outages. Having a generator on hand saves you and your family the stress of not having access to your everyday needs. Purchase a generator for your home or business.

SAVE. INCREASE EFFICIENCIES.

RETAIL -Cont.

We recognized the needs of our customers, and consequently added a range of services to our portfolio to enhance the operations. We are committed to outstanding customer service and providing quality products.

BUILDING & ROOFING MATERIALS

We are your trusted source for quality lumber, roofing materials, and roofing supplies. Dedicated to supplying our customers with quality products and superior services.

STEEL

Does your construction project require steel materials? Our teams are here to assist you in selecting the right steel products for your projects. High-quality steel at a low prices - with no sacrifices on quality.

OIL LUBRICANTS

Choose from our range of oils and lubricants for your industrial, commercial auto performance, or component functionality. Our high-grade products are available in bulk or small quantities. Your choice of engine lubricant, heavy-duty grease, hydraulic oil (of all grades), and transmission oil.
