

D-PROTECT
A D-TREADS COMPANY

**STOP THE SPREAD
CLEAN AND DISINFECT
D-PROTECT ADVANCED SOLUTIONS**

D-PROTECT Advanced Solutions protects lives.

To combat COVID-19 regular cleaning is essential, but disinfecting is what matters. We first clean then disinfect to safeguard lives using patented products and powerful performing protection technology.

* P R O D U C T S

**We Clean, Disinfect and ultimate Protect using
Electrostatic Technology for effective and
even coverage.**

Our advanced solutions include innovative technology that provides enhanced coverage to safeguard and protect people. Currently available at affordable prices is **GoldShield® 5 and 75**, and **SNiPER™** Antimicrobial Protectant used to clean, sanitize, disinfect, and protect surfaces and hidden places longer than most protective agents.

**Application is 70% faster
& uses 65% less chemicals**

*All Products are EPA Approved and FDA Registered

Hospitals and Medical Facilities

Upgrade your protocols for regular cleaning, disinfection, and protection of all surfaces in the hospital and medical facilities.

Residences and Other Places

Ensure that you have an ongoing anti-microbial protection plan for the various areas in your home. Begin at home. Keep your families safe.

Offices and Commercial Buildings

Keep employees safe and healthy. Clean and disinfect phones, desks, tablets, keyboards, cubical, elevators, restrooms, chairs, and open areas.

Schools and Public Facilities

Schools and public facilities are high-risk locations. Ensure that you clean, disinfect, and protect with a program that will last for months.

Private and Public Transportation

Reduce the risk of spreading the virus by protecting passengers during the conveyance of people from one area to the other. We clean, disinfect your vehicles.

CLEAN . DISINFECT . PROTECT

Let everyone know that you are taking every precaution
with your seal of protection.

- **Kills 99.9% of pathogens**
- **Harmless to humans and animals**
- **Eco-friendly/Environmentally safe**
- **Water-based contains no harsh solvents**
